

CCCM Cluster Bi-weekly Situation Report

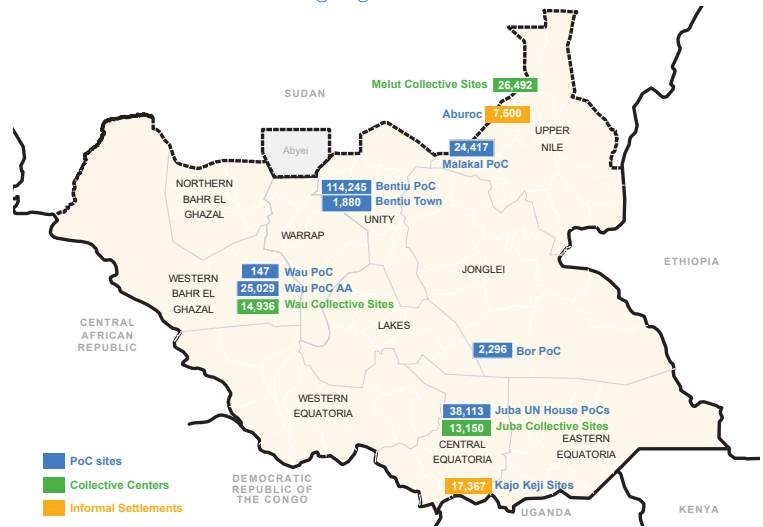

South Sudan | 16 January - 31 January 2017

NEW CCCM Online Training, CCCM Cluster invites all stakeholders to enroll at www.cccmlearning.org

CCCM partners distributing NFIs to new arrivals in Malakal PoC.

SITE UPDATES

National CCCM Cluster

In consultation with Cluster partners and national NGOs, CCCM is undertaking the finalization of South Sudan Humanitarian Fund (SSHF) strategic prioritization process.

Wau Wau PoC **147** Wau PoCAA **25,029*** Collective Centers **14,936***

PoCAA: Continuing ongoing efforts to engage more directly with the community, CCCM conducted two town hall meetings in the PoCAA, inviting UNMISS partners. The forums, attended by 60% women, discussed site safety and security.

In collaboration with S/NFI partners, CCCM conducted community consultations on veranda and shelter extension designs to reduce fire risk and provide households with outdoor cooking space.

Collective Centers: Camp Management carried out an assessment in collaboration with Protection Cluster partner Women's Development Group (WDG) to determine the location of street lamps for the Collective Centers.

Bentiu Bentiu PoC **114,245*** Bentiu Collective Centres **1,880**

PoC: Part of ongoing efforts to further engage PoC youth in constructive community activities, CCCM carried out a training on community participation, with 99 youth in attendance.

Taking advantage of dry season conditions to conduct maintenance on the drainage network, CCCM engineering teams undertook the repair of culverts and de-silting of drainages.

Collective Sites: In partnership with UNHCR, Danish Refugee Council (DRC), and local authorities, CCCM carried out a joint verification of IDPs in the Red Cross Collective Center to ensure equitable distribution of land plots.

*Headcount figures

Malakal PoC

Malakal PoC **24,417**

CCCM partnered with IOM-DTM teams to conduct a screening exercise of new arrivals, screening 374 individuals constituting 201 households.

CCCM teams received 147 new arrivals constituting 94 households into the PoC from the areas of Fashoda, Lul, Kodok, Renk, Juba, Aburoc and from Sudanese areas of Kosti and Khartoum.

UN House PoC

UN House PoCs **38,113**

In partnership with Protection partners, Camp Management is overhauling new arrival intake procedures to ensure a more streamlined process, better information flows with partners, and more effective record keeping. In keeping with this process, following advocacy with relevant stakeholders, Camp Management and IOM-DTM will undertake the registration of babies born to mothers registered during the last Biometric Registration (BMR) exercise in 2016.

Bor PoC

Bor PoC **2,296**

Bor Solutions Working Group, led by Protection Cluster with CCCM support, opened a protection desk to assess additional possible solutions for the camp population in the site. The desk will remain open for two weeks.

Aburoc

Aburoc IDP site **7,500**

Partnering with the community to spread fire safety messages, CCCM conducted fire awareness sessions for approximately 6,000 IDPs.

Educating community governance members on CCCM roles and responsibilities, CCCM conducted two trainings for 282 Youth Committee members and nine from the Safety and Maintenance Committee.
